

Energy/Solar Fun Days - Potential Vendors

Organization	What they can bring to your event	Cost	Contact Information	Website
Electric Vehicle Association of Alberta	The EVAA is a network of electric car owners. They can put out a call for local people with electric cars to come to your event to show off and talk about their cars.	Free	Post a request on the EVAA Facebook group for interested members to attend. https://www.facebook.com/groups/albertaEV/	https://www.facebook.com/Electric-Vehicle-Association-of-Alberta-EVAA-1586651621637967/
Westgate Chevrolet	Mark has offered to bring an electric vehicle that he sells to any community league event. He can talk about the opportunities for those that are interested in owning or leasing an electric car.	Free	Mark Thompson Sales and Leasing Consultant 780-868-8900 mthompson@westgatechev.com	westgatechev.com
Jason Wang	Jason is a University of Alberta Mechanical Engineering Student who, along with a team, has designed an emission free race car. He can bring his car and his knowledge to talk about the future of emission free vehicles.	Free	Jason R. Wang jason@jrwang.ca 780-680-9264	jrwang.ca
Edmonton Bicycle Commuters	The Edmonton Bicycle Commuters can provide bike generators to power a blender for smoothies! OR the PPGs will run incandescent and compact-fluorescent light bulbs (fairly easy), LED seasonal lights (fairly easy), a power drill (medium), a power saw (difficult), an old TV (difficult), an electric kettle (very difficult), and other motors with wound rotors. If you wish to experiment, a switchbox that will control 4 different electrical loads is available on request. 1) One is a stationary training stand usually fitted with a teen/adult sized bicycle with drop handlebars. The seat has a very long stem and is very adjustable for leg length. This stand alternately can be fitted with a child's bicycle. Its dimensions including the larger bike are a little less than 2'x4'x5' (60cm x 120cm x 150cm). 2) Another PPG is a fold-out structure that fits a recumbent rider (pre-teen-to-average-adult) and is made almost entirely of reclaimed materials. Its seat position is adjustable for leg length. It belongs to Riverdale School, and the rental fee is passed on to them. Its folded dimensions are a little less than 2'x4'x3.5' (60cm x 120cm x 105cm).	\$50/day (per bike)	Jan Prysieznik jellyparrot@hotmail.com 780-428-9495	edmontonbikes.ca/services/bikeworks/rentals/bicycle-generators/bike-generator/
ATCO	ATCO has a energy efficiency bus designed to help children understand energy efficiency. It is based off the grade four curriculum but all kids (and adults) are welcome!	Free	Neil Ingram 780-508-4758 neil.ingram@atco.com	http://www.atcoenergysense.com/In-Your-Community/Energy-Education-Mobile/Community-Events
Edmonton Public Library	The Public Library has the EPL2go program which is a van that brings library services to you. Programs can include electronic gaming, puppet shows, tech help, robotics , Sing Sign Laugh & Learn, and more.	Free	epl2go staff 780-496-7032 epl2go@epl.ca	https://www.epl.ca/epl2go/

Telus World of Science	The TWOSE offers a Science in Motion Program which is generally a formal indoor educational program. However, on a case by case basis they do do outdoor events! Email them the specifics of the event (when, where, why, what you would like to see them teach, and if you would be able to pay or if it would be on a volunteer basis) and they will let you know if they can make it	Free/Paid	SIM@twose.ca 780-452-9100 ex 2250	http://telusworldofscienceedmonton.ca/educators/outreach/science-motion
Your Contractors	Contact your contractors to see if they would be willing to come and attend your event! They will be able to talk about their work to interested parties and may even bring a prop or two
